

JOB TITLE: Automation Technician

CONTRACT TERM: Permanent

SALARY: Up to £45,000 per annum

LOCATION: ABBA Voyage Arena; 1 Pudding Mill Lane, Newham, London, E15 2RU

REPORTING TO: Head of Automation

HOURS: Full-time

IDEAL START DATE: ASAP

ABOUT US / THE HOOK:

We are adding to our world-class team to help us keep ABBA Voyage performing great shows. So, if you are an experienced Automation Technician who's ready for a new adventure, then this could be the perfect opportunity for you!

This role would suit a show automation technician with experience in large-scale touring shows or resident productions and/or someone with strong technical theatre and stage engineering experience with a show control systems background.

ROLE OVERVIEW:

As the Automation Technician you will support the automation department, and wider technical teams, in ensuring all automated show elements are prepared and maintained in a safe and consistent manner, ensuring systems remain compliant with relevant statutory regulations and industry best practice. In addition, you will operate the automated show systems during performances, on rotation.

ABOUT YOU:

- A minimum of two years' experience in large scale technical entertainment and/or experience in stage engineering and show control systems
- A desire to learn and develop new skills for both personal and professional development
- An understanding of control and maintenance of automated machinery that can cause harm to others if maintained and operated incorrectly
- Working knowledge of current and relevant Health and Safety practices
- Able to prioritize, multi-task, and work quickly and accurately with attention to detail, maintaining a positive attitude in fast-paced environments
- Comfortable working under pressure, both independently and as part of a team
- Strong communication and organisational skills
- Take a calm and practical approach to technical troubleshooting
- Ability to work at height and to climb using fall arrest systems
- Confident working with hand and power tools
- Strong all-round technical theatre background
- Proficient with IT software including Microsoft office, especially Excel and Word

DESIRABLE BUT NOT ESSENTIAL:

- Strong working knowledge of show automation systems including, but not limited to, console operation and programming, axis testing, drive repair etc
- Experience in stage management roles
- Rigging experience, including familiarity with fall protection systems

- Familiarity with and ability to interpret Technical Drawings e.g. AutoCAD
- First Aid at Work
- IPAF 3A, 3B and 1B certification

WHAT'S IN IT FOR YOU:

- The opportunity to be part of a revolutionary concert
- A competitive salary and benefits package
- Complimentary show tickets

HOW TO APPLY:

Please read the full job description attached and if you're confident you meet the criteria, please apply with an up-to-date CV to jobs@abbavoyage.com along with a few paragraphs (no more than 500 words) outlining why the role interests you and what you will bring to ABBA Voyage.
